Subject: PAUL TSCHELITSCHOFF  
GENERAL PROFESSOR GOLOVIN

Reference is made to your memorandum dated May 27, 1946, your file No. 14-10935. Please be advised that on the basis of the information furnished by you an examination has been made of the files of the Federal Bureau of Investigation and no record was located concerning Paul Tschenitschaff.

With reference to the General Professor Golovin mentioned in your letter, an examination of the files was conducted and reflected that one General Nicholas Golovin at one time was the writer of military commentaries for the Parizeski Vestnik, aka Pariser Veobachter. This paper was published three times weekly by the Russian Military Union, a world-wide organization consisting of Russian czar officers who were evacuated from the southern part of Russia during the last war. The headquarters of this organization was maintained in Paris, France, where there were elaborate facilities for propaganda, military schools, and contacts in every country of the world. The organization was always sympathetic to the Nazis and had been used by the German military authorities for espionage and intelligence work. This same individual was reported to be an adviser of the General Staff of the German Army.

The files of the Federal Bureau of Investigation also show that a Professor General Nicolai Golovin was reported to have corresponded with the Rossiya, a pro-Fascist Russian paper in New York.
